GOSPEL TODAY: Luke 12:13-21- “You fool, this very night your life will be taken away.” What good are the possessions now? Jesus states the moral of the story. This is how it will be for everyone who stores up treasure for himself or herself but is not rich in what matters to God. Life does not consist in possessions but in sharing what we possess with others. The goods of the earth have been given to everyone.”

"Be on guard against all kinds of greed."

POPE IN HEADRESS STIRS DEEP EMOTIONS IN INDIAN COUNTRY

May God's blessings shine down upon you, your family and friends on this Civic Holiday! Count your blessings and make things better that surround you. Warm welcome to all and enjoy the beauty of Muskoka.

STS. ANNE & JOAKIM (feast day July 26) – They are parents of the Virgin Mary. Joachim and Anne shared a wealthy and devout life at Nazareth, but eventually lamented their childlessness. Joachim, reproached at the Temple for his sterility, retreated into the countryside to pray, while Anne, grieved by his disappearance and by her barrenness, solemnly promised God that, if given a child, she would dedicate it to the Lord's service. Both received the vision of an angel, who announced that Anne would conceive and bear a most wondrous child. The couple rejoiced at the birth of their daughter, whom Anne named Mary. When the child was three years old, Joachim and Anne, in fulfillment of her divine promise, brought Mary to the Temple of Jerusalem, where they left her to be brought up. Mary had good, faithful parents who raised her with a love and devotion to God like none other except Jesus Christ Himself. Joachim and Anne serve as role models for parents and both deserve to be honored and emulated for their devotion to God and Our Lady Mary, the Mother of God. As the grandparents of Jesus, Saints Anne and Joachim are also considered the patron saints of grandparents.

WORDLS'S EIGHT RICHEST PEOPLE HAVE SAME WEALTH AS POOREST

50% - “A new report by Oxfam warns of the growing and dangerous concentration of wealth. The world's eight richest billionaires control the same wealth between them as the poorest half of the globe's population. Oxfam said it was “beyond grotesque” that a handful of rich men headed by the Microsoft founder Bill Gates are worth \$426bn, equivalent to the wealth of 3.6 billion people. “While one in nine people on the planet will go to bed hungry tonight, a small handful of billionaires have so much wealth they would need several lifetimes to spend it. The fact that a super-rich elite are able to prosper at the expense of the rest of us at home and overseas shows how warped our economy has become.” Oxfam called for fundamental change to ensure that economies worked for everyone, not just “a privileged few”.
